Fast Start FCPX Cross Over Workshop

Based on actual post production work and training production companies and broadcast television scenarios, Fast Start Workshops are crafted by Fatbars, to jump start individuals or companies who are short of time and need to be up to speed asap. This intensive course explores the next generation interface of Final Cut Pro which includes: an improved timeline, media management which works, organization through metadata and user friendly effects/titling. The course offers existing Avid, Resolve, FCP7 and Premiere Pro CC users a route into this revolutionary interface; enabling quick turnaround on tapeless jobs through streamlined toolsets. Instead of being offered over 3 consecutive days, the class is divided into 6 classes of 3 hour hands-on workshops, to allow working professionals to take the course without interrupting their busy schedules. All training is conducted by Apple Certified Trainer.
